

Work with greater ease and value.

WORK EZ Landscape Rakes

THREE ECONOMICAL RAKES GET TOUGH JOBS DONE QUICKLY.

For precision soil preparation and leveling, Work EZ landscape rakes give you exceptional performance and durability at an economical price. Work EZ landscape rakes are ideal for leveling nearly any jobsite, roadway, shoulder and seedbed or for cleaning up debris.

Available in three models with working widths of 60", 72" and 84", Work EZ rakes feature convenient multiple angle selections and 1" tine spacing for better material collection and sifting and more precise soil preparation. 360° pivot capability increases operating flexibility.

As with all Work EZ implements, landscape rakes are designed for use with any brand, model or year of compact or utility tractor (maximum 50 hp) equipped with a three-point hitch. Add one to your tractor and get tough jobs done fast and easily.

Work EZ Landscape Rakes –

- complement your tractor's horsepower and performance
- offer excellent value
- are backed by the full support of your New Holland dealer

Economically priced Work EZ implements include nearly every piece of equipment you need to work with ease and value around your property or jobsite. From box blades to rakes and discs, Work EZ implements are backed by the parts and service expertise of your New Holland dealer.

Work with Ease and Value: No matter what make, model or year of compact or utility tractor you work with, if it has a three-point hitch, there's an economical Work EZ implement ready to help you do more – for less.
